

## Junior F2 numbers from the 1960's and 1970's

### Updated December 2013

I have only just started to add only a few dates, (single years identified from programmes), which will take ages to do. BriSCA F2 Junior licensing was a "revolving door" with drivers entering and leaving the sport on short notice. Some raced for a few months, some raced for 30 years, and had several different racing numbers!

Below are about 450 car numbers, and no doubt more to come. *Please tell me any additions or corrections or dates you know of:*
