(Scamblesby).

The Cadwell Park 'Mountain' Stock Car Racing Circuit is 602 yards in length. Average width 25 feet. Stock Car Racing Anti-clockwise

#### Possible Winners

Taking the Juniors first—after 25 laps of this demanding circuit, we could well see a third "Race of the Year" victory going to Bill Barker (709) or a second victory to Steve Bateman (676) who was first in 1968 and second last year. Current World Champion, Ron Innocent (712) will be another favourite—he had engine trouble last year. Most of the Juniors however, have an equal chance so far as circuit knowledge is concerned, as this is the only meeting each year at Cadwell for the Juniors

The Senior race has another long list of potential winners, including 1967 and 1968 winner and 1968 World Champion, Tony Neal (100) who is still top of his form. Chick Woodroffe (1) now Star grade, is to follow up his comparative easy successes at Cadwell earlier meetings this year, racing with white and yellow roofs. George Ansell (375), another Cadwell favourite closely followed Tony Neal home in last year's "Race of the Year". Ian Durham (311) has moved from his high grade in Juniors, to Seniors and quickly gained Star grade recognition. He could well be in one of the top places after the 40 gruelling laps.

#### The Balloon

By popular demand, and subject to weather, Cadwell Park patrons will be treated to the sight of the huge 4-man Hot Air Balloon for the second time in this County in over 70 years. "Jester" was launched here at the August 17th races.

#### WARNING. Motor Racing is Dangerous

You are present at this meeting entirely at your own risk and subject to the condition that all persons having any connection with the promotion and/or organisation and/or conduct of the meeting, including the owners of the land and the drivers and owners of the vehicles and passengers in the vehicles are absolved from liability in respect of personal injury (whether fatal or otherwise) to you or damage to your property howsoever caused
